EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Title, replace "plant product" with --green tea leaf--.

Examiner's Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior art of record neither discloses or teaches the instant invention as claimed. In particular, Hoogstad requires that two extracts formed are later combined. In contrast, the instant claims require the first of two extracts to be discarded. As set forth in Applicant's Response filed 10/24/08, the term "discarding" has a common meaning of "to get rid of" (page 6), and the claimed step regarding discarding of the first extract is taken to mean that same is thrown away and not further used. Since Hoogstad requires the combination of the first and second extracts, same teaches away from the step of not only removing said first extract but getting rid of same altogether. It would not have been obvious to one having ordinary skill in the art at the time of the invention to have modified the process of Hoogstad to remove the first extract altogether as same would effectively destroy the intended invention of Hoogstad.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1794

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Milton Cano can be reached on 571-272-1398. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
